

Product Description: Round Pen Cover

MD Enterprises, Inc. the industry leader in the design, manufacture and installation of pre-engineered stables, barns, garages, and agricultural buildings, recently added a Round Pen Cover to its growing family of equine facilities.

Engineered with the same durable materials MD uses for all of its structures, the MD Round Pen Cover is the safest and strongest on the market.

MD's Round Pen Cover is designed to provide cover for 41-foot, 51-foot and 60-foot round pens. It is constructed using MD's Galvanized Truss System and 26-gauge Armor Grip Roof Panels, which are available in 10 colors, making it simple to match the Round Pen Cover to existing buildings.

The eave height of the Round Pen Cover measures between 12-feet and 14-feet, 1-inch at the center point for a 41-foot cover cover, and up to 16-feet, 4-inches for a 60-foot cover.

For more information on MD's Round Pen Cover, visit www.mdent.com or call 1-800-343-2276.
